<b>General objectives</b>	Improving citizens' living conditions and increasing village investment attractiveness in Hincesti rayon by R33-L571 - Mirești Bujor (km 0 +00- 200 km3) road renovation
<b>Short project description</b>	<p>Village Bujor from Hincesti rayon is situated in the center of Moldova, 30 km from Hincesti town and 18 km from the border of Moldova with Romania. It is crossed by two main roads: M-21 Balkani - Chisinau - Leuseni - Romania and Chisinau - Hincesti - Leuseni - Romania, being a relevant issue for village development. It has infrastructure, industrial power and skilled human resources necessary for sustainable development. the road that needs rehabilitation connects the main mentioned two roads.</p> <p>It was constructed in 1960, and it was not repaired any time. The current condition of the road R33-L571-Mirești Bujor (km 0 +00- 200 km3) is disastrous. Its length is 7 km, of which 3.2 km is completely deteriorated and on rainy days it is totally impracticable.</p> <p>To save this important road, it must be repaired and covered with asphaltic concrete on its total length, but also is important to repair the roadway and the three bridges. To ensure sustainability of road R33-L571-Mirești Bujor (km 0 +00- 200 km3) it is important to create a communal enterprise.</p>
<b>Results</b>	<p>1.5 kilometers of local road with all engineering construction, waste water drains, bridges, road side, traffic information infrastructure, road shoulders will be reconstructed.</p> <p>A series of works that improve considerably the traffic on the road R33-L571 - Mirești Bujor (km 0 +00- 200 km3) to exclude traffic problems in Bujor, Mirești, Șișcani villages.</p> <p>Launching a communal enterprise</p>
